

PE PIPE

PRESSURE PIPE PE100

USE

Polyethylene pressure pipes are used for transporting liquids. E.g. Pressurised water, process water, wastewater spills and stormwater. MuoviTech manufactures only in PE100, a material with better properties than older, developed materials such as PE80.

PROPERTIES

Corrosion resistance

Good hydraulic properties

Can withstand large deformations without breakage with very good impact resistance

Long life

Fixed joints

Light weight

PRODUCT INFORMATION

Dimensions: 16-225mm

Pressure classes: PN10 SDR17 and PN16 SDR11

Material: PE100 and PE100RC

Stripe: Blue for drinking water and Brown for waste.

Length is designed for optimal transport and easy installation.

CERTIFICATE

The pipes are produced according to INSTA SBC 12201 EN 12201:2003, certificate 5029.

Art.no	Product	Length (m)
51610	PE 16 PN16 SDR11	50, 100
52010	PE 20 PN16 SDR11	50, 100
52563	PE 25 PN10 SDR17	50, 100
52510	PE 25 PN16 SDR11	30-150, 200, 300
53263	PE 32 PN10 SDR17	50, 100, 200
53210	PE 32 PN16 SDR11	30-150, 200, 300
54010	PE 40 PN16 SDR11	6, 50, 100, 200, 300, 400, 500
55063	PE 50 PN10 SDR17	6, 50, 100
55010	PE 50 PN16 SDR11	6, 50, 100
56363	PE 63 PN10 SDR17	6, 50, 100
56310	PE 63 PN16 SDR11	6, 50, 100
57563	PE 75 PN10 SDR17	6, 50, 100
57510	PE 75 PN16 SDR11	6, 50, 100
59063	PE 90 PN10 SDR17	6, 50, 100
59010	PE 90 PN16 SDR11	6, 50, 100
511010	PE 110 PN10 SDR17	6, 12
512510	PE 125 PN10 SDR17	6, 12
514010	PE 140 PN10 SDR17	6, 12
516010	PE 160 PN10 SDR17	6, 12
518010	PE 180 PN10 SDR17	6, 12
520010	PE 200 PN10 SDR17	6, 12
522510	PE 225 PN10 SDR17	6, 12
