

COLLECTOR WITH A FLAT INSIDE

PRODUCT INFORMATION

Dimensions: 32mm, 40mm, 50mm

Lengths: 50-500m

Pressure classes: PN10 SDR17, PN12.5 SDR13.6 and PN16 SDR11

Material: PE100 and PE100RC

The collector comes with a well protected custom return weight from the factory. No additional weights are needed to be installed prior to immersion. The length is designed for optimum transportation and ease of installation.

CERTIFIED QUALITY

At MuoviTech, quality has always been an important matter.

Our products have certificates from insta-cert, Kiwa, P-marking and SKZ.

All depending on the demands from the local market.
